

One-Stop Service

AC/1000: YOUR PERFECT SERVICE VEHICLE. With 120 lineal feet of infinitely adjustable shelving, plus parts trays and more, there's a place for everything—all in one rolling warehouse. Remountable never-rot all-aluminum body for everlasting life. Hackney ergonomics for safety and easy access. No special license or parkway permits required.

FAST FACTS

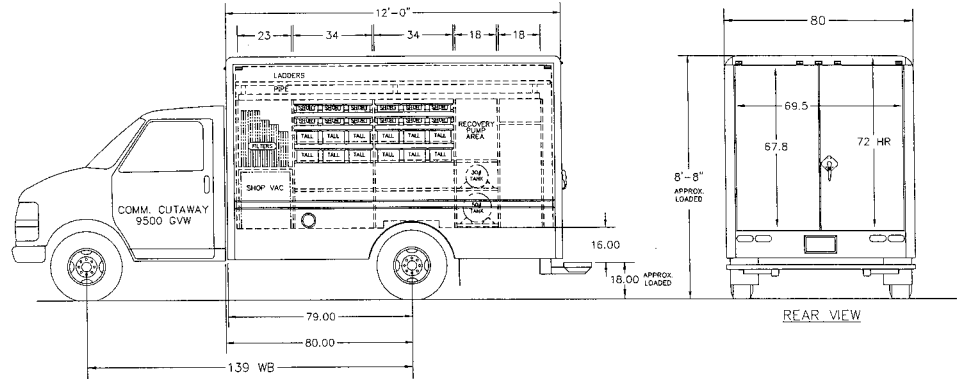

- ▶ All aluminum body:
 - Lighter weight, higher payload capacity (approx. 3200 lb.)
 - Longer life—won't rust, rot, splinter or crack.
 - Extruded aluminum structural interlocking floor panels with safety tread surface and lower floor height.
- ▶ Body is completely remountable due to Hackney's unique mounting system and cab close-out panel to separate body and cab.
- ▶ Modern clean look—low profile, sleek exterior with smooth side panels and fewer rivets.
- ▶ Open safety-grid aluminum step grating on rear bumper.
- ▶ Billboard side panels for excellent graphics presentation.
- ▶ Compact body size for urban and residential use with single rear wheel design, excellent maneuverability and economy of operation. Gross vehicle weight less than 10,000 GVWR so no special license required.
- ▶ Stand-up headroom—72" H.
- ▶ Full width swing-out rear doors for easy access to tools, shelves, pipe and ladders.
- ▶ High security two point deadbolt locking system.
- ▶ All-aluminum shelving system with infinitely adjustable shelves on vertical tracks. Shelf layouts for state of the art parts inventory systems using plastic storage trays. Over 120 lineal feet of shelf storage space standard.
- ▶ Full length pipe/tubing shelves and ladder racks inside body. Will accept up to 24-ft. extension ladders with optional exterior side ladder racks.
- ▶ Impressive list of custom options to personalize body for your requirements—such as fluorescent dome lights, rear video camera, freon storage shelves, tool boards, door ajar and back-up alarms, translucent roof, and more.
